SP LOGISTICS LLC

CAPABILITY OVERVIEW

Your shipment has a team behind it.

Seattle-Tacoma port and rail drayage, Tacoma yard support and connected cargo handling. A direct carrier relationship for cargo owners and the logistics teams who serve them.

SIX SERVICE FAMILIES. ONE CONNECTED PLAN.

Port, rail & container transport

Port Drayage: Import & Export; Inland Rail Ramp Drayage; 53FT Power Only Support; Door-to-Door Container Delivery; Expedited Drayage; Shuttle and Inter-Facility Drayage; Export Empty Positioning and Loaded Returns.

Specialized cargo & equipment

Flat Rack, Open-Top and Out-of-Gauge Drayage; Overweight and Heavy Cargo Drayage; Reefer Drayage and Genset Support; Hazmat Container Drayage; High-Value and Sensitive Cargo.

Delivery & dedicated lane programs

Live Unload and Live Load; 24/7 Scheduled Drop-and-Hook Lanes; Dedicated and Recurring Container Programs; Appointment and After-Hours Delivery Programs.

Container yard, staging & equipment

Pre-Pulls and Container Staging; Loaded and Empty Container Storage; Container Flips and Chassis Changes; Chassis Sourcing and Repositioning; Empty Returns and Equipment Management; Container Grounding and Lifting; Port Access and TWIC Escort Coordination.

Transloading, warehousing & supply chain

Container Transloading; Container Unloading and Devanning; Cross-Docking; Pallet Handling and Cargo Preparation; Pallet Storage and Warehouse Overflow; Cold-Storage Coordination; Consolidation, Deconsolidation and Export Loading; Regional Distribution After Transloading; CFS and Examination-Facility Transfers; Bonded Transportation Coordination; Supply Chain Solutions.

Residential, moving & relocation

Residential Container Delivery and Spotting; International Household-Goods Drayage; Corporate Relocation and Office Moving Support; Military and Government Relocation Support.

SP operates the trucking and coordinates its operating network, equipment providers and warehouse partners. Partners perform agreed cargo handling in Sumner or another suitable regional facility.

LET'S PLAN YOUR NEXT CONTAINER MOVE.

WHAT WORKING WITH SP LOOKS LIKE

01

Ownership of the move

A direct team coordinates the request, pickup, receiving and equipment return.

02

Workable options

Connect staging, storage, handling and onward delivery when schedules change.

03

Respect for your commitments

Bring the cargo, appointments and customer handoffs into a clear movement plan.
